PERSONAL PROFILE

I'm a 25-year-old civil engineer, freelance graphic & motion designer and a photographer from Finland. I've got a Bachelor of Science degree in Construction engineering, specialized in Infrastructural engineering. Graduated from TAMK University of Applied Sciences in spring 2009. I have performed my military service in 2004 (9 months) and graduated from high school in spring 2003.

My work experience so far covers working as a team member in a large organization as well as directly with a customer as a private entrepreneur, but my main goal has always been to fulfil client's needs, to give them what they really need.
